SUMMARY

Passionate Data Analyst skilled in Excel, SQL, Python, and Power BI. Experienced in data cleaning, exploratory analysis, visualization, and building machine learning models. Strong problem-solving mindset with the ability to convert raw data into actionable insights and support data-driven decision-making.

TECHNICAL SKILLS

- **Databases & SQL** : MySQL, SQL Joins, Aggregations, Subqueries, Window Functions, Data Modeling, Power Query
- **Programming & Scripting** : Python (Pandas, NumPy), Feature Engineering, Data Cleaning, Automation Scripts
- **Business Intelligence & Visualization** : Power BI (DAX, Measures, Data Modeling), Tableau, Matplotlib, Seaborn
- **Analytics & Tools** : Advanced Excel (PivotTables, What-If Analysis, Macros), EDA, ETL, Statistical Analysis, Reporting

EXPERIENCE (PROJECT-BASED)

Data Analyst Trainee — KGISL MicroCollege

March 2025 – October 2025

- Completed end-to-end analytics projects using Excel, SQL, Python, Power BI & Tableau.
- Performed data cleaning, EDA, dashboarding, and statistical analysis.
- Developed expertise in DAX, Power Query, SQL joins, data modeling & visualizations.
- Built interactive dashboards and reports supporting insight-driven decisions.

PROJECTS

1. IMDB Movie Analytics — MySQL

- Cleaned and analyzed 10,000+ movie records using SQL.
- Resulted in key insights on top-performing movies and genres by applying complex joins, aggregations, and window functions.
- Identified audience trends, yearly rating patterns, and director performance.

2. Laptop Price Analysis — Python

- Analyzed 1,300+ laptop records using Pandas, NumPy, and Matplotlib/Seaborn.
- Handled missing values, outliers, and feature engineering to prepare high-quality dataset.
- Identified key pricing drivers including brand, RAM, SSD, GPU, CPU, and display type.

3 .Global GDP & Population Analytics — Power BI

- Cleaned and integrated GDP + population datasets using Power Query and SQL.
- Built interactive dashboards with DAX measures for GDP per capita, literacy, and health indicators.
- Highlighted economic differences between high-income and developing regions.

EDUCATION

B.Sc. in Computer Science

Govt. Arts College, Ariyalur — Bharathidasan University (2020–2023)

ACHIEVEMENTS :

- Delivered 100% of projects before deadline with zero late submissions.
- Demonstrated strong time management and consistent performance.
